

Hidden Pines Doodles 30 Day Health Guarantee

All of our puppies get a 15 point health inspection before going to their new home. They are also covered by a 30 day health guarantee. Within 10 days of receiving your puppy we recommend taking him or her to a veterinarian for an examination. If the veterinarian determines that he or she is clinically ill or has died from an injury or illness, likely to have been contracted on or before the pickup date, you have the following options:

- Return the puppy for a full refund.
- Return the puppy for a replacement puppy of equal value.
- Retain the puppy and receive reimbursement for reasonable veterinary fees not to exceed purchase price.

These options do not apply where we, the seller, provide you, the buyer, with a health certificate issued by a licensed veterinarian. If you agree to everything disclosed in writing at the time of sale, you may not later seek to return the puppy.

If your puppy has a genetic health problem within the 1st year of life and is diagnosed as genetic by a licensed veterinarian, we will reimburse you for reasonable veterinarian fees not to exceed purchase price of puppy. However we will need the veterinarian name and contact info along with receipts. You must contact us within 10 days of diagnoses to seek reimbursement.
